

# SUMMER 2017—JULY 10-14 DISCOVER SCIENCE

CHEMISTRY &  
FIELD ECOLOGY

**THIS IS THE SUMMER TO DISCOVER** all about solids and solutions, **make crystals**, investigate super saturated solutions, discover **non-Newtonian fluids**, and explore air pressure and **gas laws**. Find out what lives in the **ecosystem** of the confluence of the East and West branches of the Ausable River. Discover! Explore! Share!

## DOING SCIENCE IS FUN!

**Students** will investigate events through experiencing them first hand. They develop critical thinking skills and problem solving as they design and build their own projects.

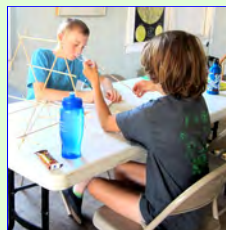

**Kaitlin Fielder, Instructor**, is a Science Teacher at Elizabethtown-Lewis Central. She has a B.A. in Environmental Science and a Master of Science Degree in Earth Science Education. She has taught a range of classes including Earth Science, Physical Science, Physics, Environmental Science and Forensics. Mrs. Fielder was a 2009 recipient of the New Science Teacher of the Year award from STANYS, and is currently a Section Area Representative in Earth Science for the Science Teacher Association of NYS. She is a recent fellow in the NYS Master Teacher Program, which focuses on developing expertise on science content, pedagogy, and students' and communities. She has worked with students to organize a school Green Team and build an outdoor classroom to foster learning in the nature.

**Classes meet Mon-Friday**, on the 2nd Fl, at Tahawus. (limited to 8 students/ class. First come, first served!) **Registration/ reservation: \$25 by 6/15. Tuition Balance \$65 by 7/5. Information** 646-734-7151. Download materials from **WHAT'S NEXT** page, [www.TahawusCenter.org](http://www.TahawusCenter.org)
